Randy,

Attached is the latest invoice from Dan Slyter billing the State of Utah for his time and mileage

As I mentioned in my message, Dakota has filed bankruptcy and will be ceasing operations in the next few days. In the future, how will Dan bill the state for his time? He will have to go direct to you as there will be no corporate office. You may want to give him a call to discuss.

Regarding this payment, you can send the check to Dakota (as mail will be forwarded to Alan Bell, former president of Dakota) and we will then pay Dan. The other option is to pay Dan direct. Let us know what works best for you.

Finally, do you know the balance remaining in the reclamation account?

Please feel free to call me should you need me to change anything. I can be reached at 303-376-2727 through Friday. My home # is 303-388-3943. Thank you for all your help in the past.

Best regards.
